FROM THE BRIDGE

Greetings to All Shipmates,

Good Day to all Shipmates, Spouses, Families and Friends, I hope that everyone had a great Holiday Season and have recovered from it all.

We are getting very close to our 2015 Reunion in Baton Rouge, Louisiana. The Reunion Committee continues to work very hard to ensure that this reunion will be one of the great ones. Those of you who have attended past reunions can clearly let those shipmates that have not attended, that they truly will have a great time.

IMPORTANT: If you are planning on flying into the Baton Rouge Airport, please remember to call the Holiday Inn South Baton Rouge, (225) 924-7021, no later than September 8, 2015, prior to your arrival for Complimentary transportation from the airport to the hotel. The hotel has hired a third party for our transportation needs from the airport and prior reservations are required.

Once again, our 2015 Reunion is another opportunity to come back together with old shipmates and is truly an affair that we have enjoyed over several years with wives, friends and family members always invited. This will be a great time of fun and relaxation.

Sallae and I are looking forward to seeing everyone in Baton Rouge.

God Bless all and God Bless the USA.

Be sure to hug your family and friends everyday.

2015 Biennial Reunion

Jeff Parker, Editor

“ALL HANDS, NOW HEAR THIS”, Baton Rouge, Louisiana has been selected as the Host City for the **2015 Reunion of the USS OZBOURN DD846 Association**. As all hands are already aware, the Association attempts to vary the sites throughout the U.S. as to not make it a burden on those residing around the entire country. As a result of the 2011 Reunion being held on the East Coast, Philadelphia, the 2013 Reunion being held on the West Coast, San Diego, it was time to meet in the central part of the country. After surveying several possible Host Cities, Baton Rouge was ultimately selected.

Clearly, our reunions are a family event and the Association Officers are very grateful for family members that attend and escort those shipmates that may require a little assistance.

We are also very pleased with the number of shipmates who are able to attend the reunions. Clearly, the motto, **“Sailors Once, Shipmates Forever,”** rings very true.

Our Host Hotel for the 2015 Reunion is the **Holiday Inn, Baton Rouge-South**. The Reunion Committee worked very hard and has negotiated an excellent daily rate of \$92.95 plus tax, double occupancy that also includes a daily breakfast. The hotel has also agreed to offer the rate of \$92.95 for three days prior and three days after the reunion for those wishing to arrive early or stay a bit longer, based on availability. The hotel can be contacted by dialing (225) 924-7021. Ask for In-House Reservations, utilizing the **Group Code OSB**. Members can also make reservations online at www.holidayinn/br-south.com. A block of 40 guest rooms have been set aside for our members. Don't delay, make your reservations today.

The reunion commences on Wednesday, September 23, 2015 with check-in and the Hospitality Room will be open at **4:00 pm**. On the final day of the reunion, Sunday, September 27, 2015, The Hospitality Room will close at **8:00 am**.

The **2015 Reunion Committee, Guy Posey, Mike Ward and Harold “Mac” McKeehan**, continue to work very hard to ensure that our 2015 Reunion will be one of the truly great ones.

(Please see the Reunion Schedule and Registration Forms located on Page 4 & 5.)

PLANNING ON ATTENDING THE REUNION?

“Fireball” Editor, Jeff Parker

As all of you that have been involved in the planning of one of the great biennial reunions already know, it takes a great deal of work to arrange a host hotel, motor coaches, excursions, banquets, guest speakers, entertainment, gifts and of course our hospitality room.

On behalf of the 2015 Reunion Committee, Guy Posey, Mike Ward and “Mac” McKeehan, we are attempting to ascertain the number of members and guests that plan on attending the 2015 Reunion. We of course realize that some members who indicate that they plan on attending, may be unable to in 2015, as well as those not committing may do so later.

In addition, when making plans, be sure to make your hotel reservations as early as possible. This will allow the committee to add to the number of blocked rooms if necessary.

If you have not already done so, please notify **Guy Posey**, Email: ppapaguy@aol.com or forward a quick note to Guy at **419 S. Appleway Lane, Glencoe, OK 74032**.

MAIL CALL

The following letters and e-mails were received by your Association Officers during the last quarter.

“VETERAN IDENTIFICATION CARDS”

Jeff Parker, Editor, “Fireball”

As many members are already aware, there are several retailers and other organizations throughout our great Country that extend discounts and other perks to military veterans. Many of our members who have military service disabilities and utilize the Department of Veteran Affairs Medical Centers, are issued an identification card. In addition, 44 States, offer veterans to be easily identified on their State Drivers License or Identification Cards. However, the States of California and Hawaii, home of a vast number of veterans do not currently offer this service.

Therefore, Association Secretary Ken Keene has produced a USS Ozborn Association Identification Card that will be issued to each dues paying member. Clearly, such an identification card is not issued by a governmental entity; however, these types of cards have been known to work very well at retailers such as Lowes Home Improvement Centers, etc.

“USS OZBOURN COLLISION DURING REFUELING”

Submitted by Shipmate Brian Buchholz Lt. (62-65)

Brian wished to remind all Shipmates of an incident that took place involving the “OZ” and an unidentified aircraft carrier involved in a collision during refueling exercises, sometime in 1964.

As the refueling was in progress, the Ozborn drifted closer and closer to the carrier. Brian was standing on the ASROC deck and became aware that a dangerous situation was developing. Looking up, Brian could see the overhang of the flight deck and envisioned a wave lifting us up and jamming the Ozborn into the underside of the flight deck. As we got in really close to the carrier, Brian believed there was a suction effect that drew the Ozborn in even closer. At about that time, the signalman on the Signal Bridge saw the danger and began to scramble down the ladder to the ASROC deck, jumping the last few feet of the way. Ozborn turned to starboard to get away from the carrier, but in doing so caused the port side of our fantail to hit the carrier. The Ozborn was lifted upward, but fortunately not into the underside of the flight deck. However, the two ships brushed against each other, enough so that one of our radio whip antennas broke off and fell onto the ASROC deck. The two ships parted and we got away without further incident, but it was a very close.

USS Ozborn (DD 846) brushes against the USS Midway CVA-41 during refueling.

Editors Note: Although the above photographs, obtained from the NAV Source website are consistent with Brian’s article, it could not be verified if this was the same incident.

USS WARD (DD 139)

Submitted by Tom Perkins FCI/c (50-53)

Date: 7 December 1941

Location: Entrance to Pearl Harbor, Territory of Hawaii

Ship: USS Ward (DD 139, a “flushdeck” destroyer of WW I vintage assigned to the 14th Naval District local Defense Force.

Ward is on patrol in the defensive zone and has been given orders to attack any suspicious submarine targets, in effect it was “shoot to kill”. This was the first patrol for Ward’s new commanding officer, Lt. William W. Outerbridge, who had taken command just two days previously.

The time: 0408 hours. The ship went to GQ, searching for a suspected submarine target reported to be in the area of another ship. At 0506 hours, Ward lookouts sighted a small feather-like wake following directly behind the USS Antares that was entering the boom-net defenses. At 0645 hours, Ward charged the target bringing the 4-inch gun battery to bear and subsequently firing two rounds, one of which was seen to pass through the submarine’s conning tower. The midget submarine started to sink, was then showered with depth charges and became no longer visible. Ward thus had the distinction of firing the first American gun in anger during the Pacific War.

Fast forward to the date of 7 December 1944. We now join the weary Ward now carrying the designation APD 16 landing troops in Ormoc Bay, Leyte Island, Philippines as part of the invasion force. At 0825 hours, Ward is now engaged in supporting troops just landed when several Japanese bombers appear and attack the ships in the bay. At 0956 hours, Ward is crashed by a bomber which strikes the engineering spaces causing great damage and starting fires. Flooding and fires are soon out of control and it became clear that Ward is unsalvageable and the ship was abandoned at 1024 hours. The Task Force Commander now ordered the derelict sunk and the USS O’Brien (DD 725) stood in and delivered the coup de grace at 1130 hours, 7 December 1944, three years to the day after the historic action off Pearl Harbor in 1941.

The Commanding Officer of O’Brien, was none other than LCDR William W. Outerbridge, the former skipper of the Ward, who later recalled that it was “just something that had to be done.” Commanding Ward at this time was Lt. Richard E. Farwell. He served as the Assistant Engineering Officer onboard the Ward during the action at Pearl Harbor.
